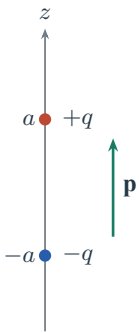
M2-018 中性电荷对的偶极矩不随原点平移



$$Q = q - q = 0$$

$$\mathbf{p} = qa\mathbf{e}_z + qa\mathbf{e}_z = 2qa\mathbf{e}_z$$

$$\mathbf{p}' = \mathbf{p} - Q\mathbf{b} = \mathbf{p}$$

p 从负电荷指向正电荷。
