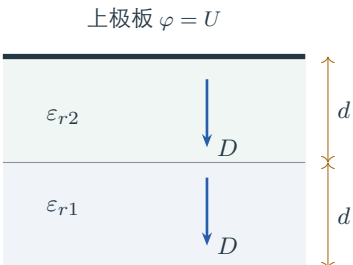
M3-017a 纵向叠放：同一自由电荷通量

总面积 S，总厚度 $2d$



界面无自由面电荷：$D_1 = D_2 = Q/S$

$$U = E_1 d + E_2 d$$

$$\frac{1}{C} = \frac{d}{\varepsilon_0 \varepsilon_{r1} S} + \frac{d}{\varepsilon_0 \varepsilon_{r2} S}$$
