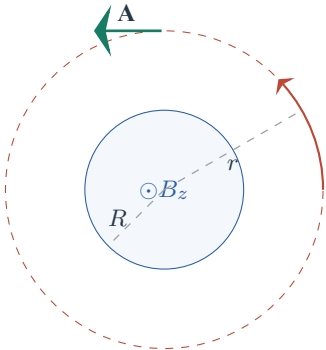
M5-058 外部环量不随圆周半径改变



正法向向纸外，边界正向逆时针

$$r > R : \quad A_\phi = B_0 R^2/(2r)$$

$$\oint_C \mathbf{A} \cdot d\mathbf{l} = B_0 \pi R^2$$

$$\mathbf{B}_{\text{outside}} = 0 \text{ 但环量非零}$$
