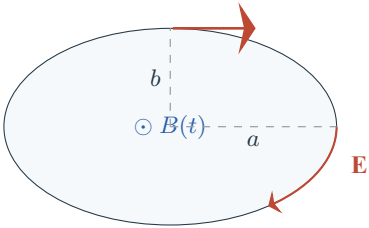
M5-100 长轴端和短轴端的场强



图示 $\dot{B}_z > 0$，感生场沿顺时针

$$|E(a,0)| = |\dot{B}|ab^2/(a^2+b^2)$$

$$|E(0,b)| = |\dot{B}|a^2b/(a^2+b^2)$$

$$a > b \Rightarrow |E(0,b)| > |E(a,0)|$$
