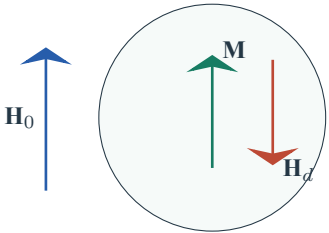
M5-051a 外加场与退磁场的自洽叠加



球内场均匀，退磁因子 $N = 1/3$

$$\mathbf{H}_{\text{in}} = \mathbf{H}_0 - \mathbf{M}/3$$

$$\mathbf{M} = \chi_m \mathbf{H}_{\text{in}}$$

$$\mathbf{m} = 4\pi a^3 \mathbf{M}/3$$
